“Where the possibilities are unlimited”

Principal's Message

Dear parents and students

Greetings!

“The function of education is to teach one to think intensively and to think critically. Intelligence plus character that is the goal of true education”.

-Martin Luther King, Jr.

Our life is a journey. We learn and experience something new everyday. We not only impart in-depth knowledge of a particular subject but at the same time also ensure competent and constant growth of the students. Problems exist in everyone's life but we frequently remind the students not to be afraid of failure but strive hard to achieve success for excellence and good leadership. It is possible when we build up good leadership. It is possible when we build up good attitude and conduct. We also learn to become disciplined to see things in proper perspective. There are ups and downs in life and we need to accept the challenges and win it at all costs. Physical work and games enable the students to cope up to be fit and healthy persons. If you work hard then goals are achieved easily. Consequently, our struggles will vanish within no time and our achievement will be remembered.

Excellence is not a destination, it is a journey that never ends.

The world of 21st century is changing at an accelerated scale. It is a challenge for educators to cope with the changing world order and prepare their students for the future. It has rightly been said by Margaret Mead that “Children need to be taught how to think, not what to think.” Keeping in view the same, APS, Sagar has always tried to inculcate creativity, critical thinking, innovation, divergent thinking along with proper values of life for its students. The school conducts an array of activities throughout the years bringing out all these skills among children.

Teamwork is the hallmark of APS, Sagar. I appreciate the efforts put in by our wonderful team of students, teachers and the unstinting support of the Management for making this a truly successful year for all of us. In this pursuit of excellence, I appreciate our parent fraternity for supporting the school in every aspect. I wish you all good luck and let's work harder to achieve bigger and better milestones. Remember, success is not final. Success is not resting on your laurels, but finding new laurels to rest upon.

TEACHER'S DAY CELEBRATION

FROM THE EDITORIAL BOARD.....

One Day A Rich Dad Took His Son On A Trip To Village.

He Wanted to show him how poor someone can be.
They spent time on the farm of a poor family.

Dad asked, "Did you see how poor they are?
What did you learn?"

Son said, "We have one dog, they have four,
we have pool, they have rivers,
we have lanterns at night, they have stars,
we buy foods, they grow theirs,
we have walls to protect us, they have friends,
we have encyclopaedias, they have Bible"
Then They headed,
"Thanks Dad for showing me how poor we are."

MORAL LESSON:

It s not about money that make us rich,
it's about simplicity of having God in our lives.

From : Mrs Sonal Jaishekhar & Ritu Khatri
