IN VISION

APS SAUGOR NEWSLETTER

"WHERE THE POSSIBILITIES ARE UNLIMITED"

Principal's Message

Dear parents and students

New Year's Greetings!

"Every new beginning comes from some other beginning's end"

It is hard to believe that we only have 2 months of school left in this academic session! Year 2022 ended with great pomp and show. Our annual function was an extravaganza that marked the celebration of "Azadi ka Amrit Mahotsav" showcasing our young talents and their achievements. Nothing better to end a tremendously successful year and to welcome an aspiring new year.

School is a place where you learn, prepare for life and yet grow and develop to smart individuals. On one side where academics help you to develop intellectually and non-academic events help in holistic development of students.

"You must discover what you are made for, and you must work indefatigably to achieve excellence in your field of endeavour"

Indeed we continue to inculcate an excellence mindset and strong ethics in our pupils through every phase of school life. The academic curriculum, school routines, rituals and traditions, discipline, co-curricular activities, and teachable moments all become opportunities to develop the full range of assets needed for an ethical, productive, and fulfilling life.

Each issue of our newsletter is a milestone that marks our growth, unfolds our imaginations, and gives life to our thoughts and aspirations.

Learn from yesterday; hope for tomorrow and live for today!!! With this thought we are all set to achieve new horizon of excellence in the year 2023

Have a year filled with hopes and happiness!!

Adieu

Mrs Jyoti Dubey
Principal

“Optimism is the faith that leads to achievement. Nothing can be done without hope and confidence.”

Helen Keller

"विकल्प बहुत मिलेंगे मार्ग भटकाने के लिए मगर संकल्प एक ही काफी है मंजिल तक जाने के लिए"

From the Editorial Board.....

Be Wise While Counting

One day in Akbar's court someone asked the question, "How many crows are there in the city?" No one had the answer. Birbal quickly replied "Four thousand three hundred and twelve." He was asked how he knew this.

Birbal said, "Send your man out to count the crows. If it is lesser than this number then some crows are visiting their families elsewhere and if it is more than this number, then some crows from outside are visiting their families here. Akbar was very happy with the answer and showered Birbal with gifts for his wit.

Moral of the story:

Sometimes you have to learn to think outside of the box.

Ms. Sonal Jaishekhar & Ms. Ritu Khatri
