Principal's Message

Dear Parents and Students

"If hard work becomes your habit, success will become your destiny."

Swami Vivekananda

Though, new academic session 2025-26 had already commenced from April, session 2024-25 came to its actual closure with the most awaited board result, which was again a remarkable display of each and every student's hard work and sincere efforts.

"Education is a shared commitment between dedicated teachers, motivated students and enthusiastic parents with high expectations." We wish to thank all the parents for their faith in APS. Let's partner together, so that we can see our children being successful in whatever path they choose to tread as they move out in the real world to build their future.

As **Bruce Lee** has famously said, **"The successful warrior is the average man, with laser-like focus."**

I strongly feel that education is a blend of academic excellence and creativity and as the Principal of the School; my motto is to encourage and empower our students to grow as a strong, reflective and humble individuals with discerning minds, prepared to make a mark in all spheres of life. Effective teaching is about involving students not only in their learning journey, it is also about talking to them about their well-being, encouraging them and helping them develop their skills simultaneously. Value oriented process is crucial for a school's all round developments. Social and emotional intelligence of a child plays a very significant role in their healthy growth.

In conclusion, as we move forward into this new academic year, let us remember that education is a shared responsibility. Together, we can make a huge difference, achieve great heights and prepare our students to face the challenges of the world with confidence and resilience.

Let us make the most of every opportunity and continue to write the success story of Army Public School,

Warmly

Jyoti Dubey
Principal

One Day A Rich Dad Took His Son On A Trip To Village.

He Wanted to show him how poor someone can be.

They spent time on the farm of a poor family.

Dad asked, "Did you see how poor they are?
What did you learn?"

Son said, "We have one dog, they have four,
we have pool, they have rivers,
we have lanterns at night, they have stars,
we buy foods, they grow theirs,
we have walls to protect us, they have friends,
we have encyclopaedias, they have Bible"

Then They headed,
"Thanks Dad for showing me how poor we are."

MORAL LESSON:

It s not about money that make us rich,
it's about simplicity of having God in our lives.
