Principal's Message....

Dear parents and students

“All the world's a stage. And we are merely players”.

-William Shakespeare

A school is one of the first and most essential stages for an individual where one shall learn one's and then get trained for the final and bigger acts later in life. We as tutors and guides, simply play our role in

being the path enlighteners, enabling the children to trudge along until they find their confident footing. I feel proud & congratulate my staff and the children, that they ebulliently try to make this journey together, learning & succeeding together, faltering & correcting together & making themselves worthy & capable citizens.

**“Education Is What Remains After One Has Forgotten Everything
He Has Learnt In School. - Albert Einstein”**

Education is not merely acquirement of facts but also of values which help us improve the different facets of mankind. It ensures that we leave the world a far better place than we found it. A pivotal role of education lies in shaping the personality of a child into a healthy mind and happy soul, who is not only equipped with 21st century skills and aptitude required for academic excellence but helping him face the challenges of life in a balanced and harmonious way. Therefore, the system of education should work as a catalyst in making each child a balanced human being having his core strengths embedded in the learning experiences.

In Army Public School, we enterprise to map academic excellence with a good human value system, which in myriad ways is ingrained in the culture of the school. Students of the school are groomed from a very early age to foster respect for diversity that prepares our students for participation in a complex and changing world. We strongly believe in the importance of parents, teachers and administrators working in unison, thereby ensuring happy and fruitful years .

Teamwork is the hallmark of Army Public School. I am very sure through collaborative effort we can achieve more to benefit our students who are the future leaders of tomorrow.

**Warmly
Jyoti Dubey
Principal**

From the Editorial Board.....

Once a Bird asked a Bee:

**After continuous hard-work,
you prepare the honey, but a
man steals the honey.**

Don't you feel sad?

Then the Bee replied:

**Never because a man can only
steal my honey, not the art of
making honey!**

Happy Reading!
